

Cottonseed/Canola Premium Fry Oil

- Highly versatile oil with excellent performance that is ideal for: Deep-Fat Frying, Stir-Frying/Wok Cooking, and Roasting.
- Delivers a neutral flavor that does not overpower the food and actually enhances the flavor of your fried foods. Taste the food, not the oil.
- Fry-Boss has natural and beneficial levels of oleic, palmitic, and stearic acids which help contribute to the great performance and stability without hydrogenation.
- Contains beneficial levels of heart healthy Omega-3 and Omega-9 fatty acids that cannot be produced by the human body.
- Fry-Boss does not deteriorate rapidly when used at high temperatures because it has a high smoke point.
- Lasts 20% longer than Canola Fry based on the industry standard Oil Stability Index (OSI)*
